can-  
well... I  
really don't  
know what to  
say around this summer  
you'll be either at summer  
James Lake (this summer)  
it was fun going out with you, while  
I had hoped we could  
be together - but I  
guess a real ass at times, too. I'll  
never forget all the good times we had. So  
I hope you can still be friends, I thought you  
liked me - we had a good thing going & we can't  
just let it end the way it did! I hope to see  
you at some of the Braten parties after you leave  
And I expect you to take me to some good parties  
in Willmar, I could never think of being such an "alright  
about you, I suppose I love you better wish you good luck  
in the future, I hope to see you in a few years  
with really to say, I'll be any more. I'm only  
miss to said, I hope to see you in a few years  
there "look up" I'll be any more. I'm only  
all hope your face in the hall.  
Remember, I'll be any more. I'm only  
out with people to  
Sara, I don't mind  
was going on.  
I had  
was great!

Destiny is not a  
matter of chance,  
It is a matter of choice.  
It is not a thing to  
be waited for,  
It is a thing to achieve.

all your little remarks. You  
are really a fun person  
always trying to  
be a little bit  
advertising. When I'm  
up to be in one of the "big"  
commercials that you always wanted  
to be in. Good luck in the

do. Take care! Friends always

The first scene is a close-up of a person's face, looking directly at the camera. The lighting is dramatic, with strong highlights and deep shadows. The person's expression is serious and intense. This is followed by a series of shots showing the person in different poses and settings, all maintaining the same dramatic lighting and high-contrast aesthetic. The scenes are interspersed with blocks of text, which appear to be a script or a series of notes related to the production. The text is written in a clear, legible font, and the overall layout is clean and professional.

Dan -

This year is almost over and then you'll be saying good-bye to this wonderful school and you'll be going out into the big world. Can you handle that? I know you can handle anything in this world and everyone! I'll never forget the day down at Sibley (you little shit) when you & Rick decided to get sweet Loui who didn't do anything to you, so you got me all wet. To tell the truth I had a great time getting all wet and getting you guys back was just as fun. I guess I can honestly say you're one hell of a fun guy! And I know I'll miss you next year, I'll miss all the crap you always give me but I don't mind when it comes from such a nice guy like you. I suppose when you go off to the big town of Willmar and go to the big college I bet I won't see ya anymore. I suppose you'll be at a party every weekend and you'll be living the good life - in which you deserve. I ~~think~~ think everyday in Accounting Class would have been one boring hour if it wasn't for your cute faces that make me smile all the time. I guess you could make anyone smile. I just wanna wish you all the luck in the world and you keep on being yourself and I guarantee you'll go a long way. Just remember me when you're rich and famous! <sup>Ha</sup> Hopefully I'll see ya around after you split this joint for good. Keep on smiling and Dan try to stay out of trouble - which I know is hard. Thanks for being such a good friend!

Love,  
Loui
